September 24, 2020

Central Yavapai Fire District 8603 E Eastridge Drive Prescott Valley, AZ 86314

Due to recently passed legislation by Arizona State Legislature (HB 2493) the Treasurer's Office is required to adjust your districts, or entities account.

In 2015 the AZ State Department of Revenue made the decision that leased solar panels would need to be taxed as centrally assessed property because the fed electricity into buildings and into the APS grid, thus making them a solar power plant. The solar companies sued, and the state lost the argument that they were solar power plants, but the tax court did determine that their panels could be taxed as personal property of the solar companies.

Yavapai County was then directed by the Department of Revenue to tax the solar companies at the local level for the personal property tax, which we did. The solar companies again sued claiming they were exempt from taxation. Knowing they were likely to lose this claim, the approached our elected legislators whom in turn drafted and passed legislation minimizing their tax liability and making it retroactive back to 2015. We now have to go back and refund, from the affected districts, the solar panel personal property tax, starting with the year 2015.

We are sorry to inform you of this action, but we must be as transparent and informative of all issues pertaining to your account.

Sincerely,

Chip Davis

Treasurer

Yavapai County Treasurer's Office
