4. CORRESPONDENCE AND PRESENTATIONS

A. Presentation, Discussion, and Acceptance of FY 2021 Audit Report as Presented by

Henry & Horne

Noemi Barter from Henry + Horne presented the Fiscal Year 2021 Audit Report. All statements in reports are management statements that are tested by the auditors to determine if they are materially accurate and fair. Henry + Horne found that statements are presented fairly and have reported a clean opinion.

Chief Tharp directed the Board to page 54: 'Joint Venture Revenue and Cost Allocation' and 'Public Safety Personnel Cost'. He explained the \$16.2 million figure as being primarily the PSPRS unfunded liability amount, which is in part why the Agency chose to utilize Certificates of Participation (COPs). The COP will be listed as increased debt in next year's report, but the PSPRS unfunded liability amount will be reduced.

Motion to accept the Fiscal Year 2021 audit report as presented by Henry + Horne.

C. County and Town Current Events Summaries

He reported that Rosa's Pizzeria and Desert Financial have opened in the Fry's shopping center, and that Church's Chicken and Crumbl Cookies will be coming soon. The Maverik on Glassford Hill has been remodeled, and the new location is almost ready to go. He announced that the Town will now be providing an online monthly report for all to view.

5. REPORTS

Reports are informational only. Any item articulated in the reports is subject to clarification, discussion, and direction by the Board; no action will be taken.

A. Board Member Reports

There were no Board member reports.

B. Division Reports

Chief Freitag reported that he received an email regarding the recent actuarial report from PSPRS. The employer contribution rate would have increased 5.44%, funding status went from 53.1 to 53.4%. If CAFMA had not gone with using Certificates of Participation (COPs), Staff would have been budgeting over \$6 million this year; total expenditures will be less than what Staff budgeted this year utilizing the COPs. He concluded by stating that utilizing the COPs will be better for taxpayers.

6. CALL TO THE PUBLIC

In accordance with A.R.S. §38-431.01(H) the Central Arizona Fire and Medical Authority Board has decided to allow public comments as time permits. Move: Rick Anderson Second: Dave Dobbs Status: Passed

Yes: Dave Dobbs, Darlene Packard, Matt Zurcher, Owen Mills, Rick Anderson

- D. Discussion and Possible Action Regarding RFQ for Two New Rescue Units

Items D, E, and F were combined.

Chief Freitag advised the Board that Mesa Fire will need their units back in the next 3-6 months. Staff do not want to go back to being forced to transport patients in the backs of personal vehicles or engines. With nationwide chassis issues, we cannot build-to-order as it would be a year or two before it arrived; instead, the units must be purchased off the lot. He reported that Staff has been researching the used market, and is hoping to find two used, and two new units. Northwest Fire is willing to sell CAFMA the unit they loaned; however, finding another used unit has been difficult.

He requested that the Board approve an RFQ for up to three new units. The intent is to purchase two, but Staff may not be able to find another used unit. Staff cannot put out an RFQ for a used unit as those vehicles are moving too quickly. He would like direction to look up to \$100,000.00 for each unit. Once located, he will bring to the Board for approval of purchase.

He continued, stating that stretchers are priced two ways, manufacturer's price and retail price when purchased with an ambulance. Ambulance companies are getting great deals on stretchers. Staff would like to work with ambulance companies on purchasing stretchers.

He reiterated that the request is to change Item D from "two new Rescue units" to "up to three new Rescue units." The intent is to put the RFQ out on December 20 with a deadline of December 24, review on December 27, and then request a Special Meeting for December 28 for potential approval.

He addressed funding the units by explaining that several vehicles originally scheduled to be purchased this year have been unavailable due to shortages.

Chair Zurcher invited Battalion Chief Davis to speak about his experiences with Level Zero: No Ambulances Available.

Chief Davis reported that Saturday, December 11, 2021 there were four ambulances in the Quad Cities; however, two were on their way down to Phoenix on inter-facility transfers, leaving just two ambulances covering the region. One ambulance was BLS (capable of Basic Life Support) and one ALS (capable of Advanced Life Support). The two ambulances were out on calls. He provided a recent example of Level Zero that happened at the CAFMA Admin building. A female with chest pains had to be transported via CAFMA Rescue because at time of transport the ambulance was still in Williamson Valley. He stressed that this is a daily occurrence, and that the last week and a half has been far worse. He reported that Kingman is having similar issues with AMR; their ambulances are sent from Lake Havasu.

Chair Zurcher inquired as to how many ambulances are around on average. Chief Davis responded that there are six ambulances on a really good day. The most has been eight, but that was when an Arizona Department of Health Services (ADHS) representative was visiting Prescott Regional Communications Center (PRCC) to review Level Zero. AMR still went Level Zero with eight ambulances.

Chief Feddema added that Staff are also tracking how many times Rescues are being sent out versus how many times they transport. In November, CAFMA units went out 86 times, and transported 26 times.

Director Dobbs asked for clarification about the other equipment for the Rescues, outside of the stretchers. Chief Freitag responded that the rest of the equipment would come from the active units; off of the engine and the paramedic. If CAFMA were to receive a Certificate of Necessity (CON), then Staff would come back before the Board to discuss funding for equipment.

Director Anderson inquired as to whether or not CAFMA is receiving support from any of the Town leaders. Chief Freitag responded that Dewey-Humboldt and Chino Valley have shown their support. CAFMA has not received outright support from the Town of Prescott Valley, though he is hoping to sit down with the Mayor, Vice Mayor, and Town Manager. He reported that he has received support from Supervisors Mary Mallory and James Gregory and is on a future Board of Supervisor's agenda.

Director Anderson expressed his surprise that the Town of Prescott Valley has not shown support for CAFMA.

Chair Zurcher thanked Chief Davis for speaking and stated that it is important for the public to understand that the Rescue units have made a difference. Chief Freitag added that the entire system is impacted if there are not enough resources in the system.

Motion to approve going out with an RFQ for up to three new units.

- G. Discussion and Possible Action Regarding Possible Partial Funding of Lobbying Efforts for Certificate of Necessity (CON) Reform Legislation Not to Exceed \$5,000.00

Chief Freitag stated that the reason the community is in the situation it is in today is due to outdated State statutes. CAFMA is working with the Arizona Fire Service to update the statutes, but it will take time and everyone working together. He is requesting that CAFMA be a participant with lobbying with other Fire Service agencies and organizations.

Motion to approve partial funding not to exceed \$5,000.00 for lobbying efforts for the Certificate of Necessity (CON) reform legislation.

Motion to approve the purchase of a Warehouse delivery box truck not to exceed \$70,000.00.
