The Town of Dewey-Humboldt

CAFMA 2025 3rd Quarter Briefing Summary

1. Our Town will be adopting a General Plan. Front and center within the plan will be the declaration that, as long as there is a State of Arizona, there will be a Town of Dewey-Humboldt.
2. Central Arizona Fire and Medical Authority's work and availability are a cornerstone of services to our residents, and a necessity for assuring the town's safety, affordability, and the degree to which our town is a desirable location for living.
3. For 2024, the County Treasurer's Office noted that Dewey-Humboldt residents paid over 1.2 million dollars to the fire district, or roughly \$615 per household. For that, there were 598 CAFMA responses to Dewey-Humboldt, which works out to roughly \$2,050 per response.
4. Two messages from all of the local fire districts are regularly stated
 - a. Regarding an area wildfire, it's not a matter of if; only a matter of when
 - b. In an emergency, seconds matter
5. With CAFMA, our town is anxious to coordinate and integrate our mutual desires to identify and implement current and future fire and medical necessities for our citizens.
 - a. Property Insurance based on ISO/PPC/FSRS Ratings – how can we improve them?
 - b. Water for fire suppression – a solution is needed
 - c. Roads – if seconds really matter, so do roads
 - d. Fire breaks – to save the town, where should they be?
 - e. Blue Hills ingress/egress – CAFMA needs a second access to the area
 - f. Response Times – When will CAFMA achieve their goal of being above 90%
 - g. Fire District Boundaries – 90 parcels outside of the district
6. Coming Events:
 - a. Nov 1st – Trunk or Treat
 - b. Dec 20th -Christmas Light Parade

September 13, 2025

Chiefs,

Just a quick note to thank you for the donation of the SCBA fill station, compressor and cylinders. This is a huge improvement for our capabilities. Up to this point, anytime we've used air bottles, either for training or an incident, we've had to go to another department to refill taking a lot of time from the department helping us as well as our volunteer doing the errand.

The timing turned out to be fantastic because a few days after we received the donation, we had a serious structure fire in our service area and have already refilled some air bottles (there is air in the cylinders still).

We are also grateful to Fleet Division Scaife for thinking of us for this donation as well. He's helped us in countless ways over the years; this is simply the latest thing he's done for us.

Thank you again,

Roger Nusbaum

Personnel & Recognition

This month brought important personnel updates and well-deserved recognition. Following a competitive process, Lacie Sims was appointed as CAFMA's Human Resources Manager, and Tana Smolnikar was hired as Administrative Specialist effective August 25, 2025. In addition, we celebrated the promotions of Captain David Wittenberg and Engineer Jake Smith.

On September 6, the crew from Station 59 — Captain Butler, Engineer Collins, and Firefighter Bickel, responded to a flooded kitchen and went above and beyond to assist the resident. Their actions prompted a heartfelt thank-you and a donation to firefighter charities from the resident, whose family includes multiple first responders.

Operations & Equipment

CAFMA responded to 1,622 incidents in August 2025, averaging 43.5 calls per day. EMS accounted for 68.2% of call volume, fire incidents 1.04%, and other calls 30.7%. Reported fire losses included \$327,550 in residential, \$2,000 in commercial, and \$10,000 in vehicle fire damages

Crews demonstrated operational excellence in July during a fully involved garage fire, where aggressive action prevented fire spread to the residence and contents. CAFMA also provided critical backfill and support to Timber Mesa Fire District following the tragic line-of-duty loss of two firefighters in a vehicle accident along SR-260.

In September, CAFMA deployed Stryker LifePak35 heart monitor/defibrillators on all engines and ambulances. These devices enhance patient care by improving cardiac monitoring, enabling real-time data streaming to hospitals, and strengthening CPR delivery. The deployment marks a significant advancement in CAFMA's EMS capabilities.

CAFMA also initiated a data collection effort on lift assists at staffed care facilities in partnership with Prescott Fire Department. This six-month NFIRS tracking initiative will help determine call volumes and inform future discussions about potential fee structures.

Training & Wellness

Training and professional development remained a strong focus this month with several firefighters beginning Paramedic School, further strengthening CAFMA's advanced life support capacity. Planning is underway for a five-week Technical Rescue Team (TRT) Certification Course scheduled for April–May 2026.

DIVISION REPORTS

REPORTED TO THE
CENTRAL ARIZONA FIRE AND MEDICAL AUTHORITY
BOARD OF DIRECTORS

CAFMA personnel supported the 2025 Arizona Fire School in Mesa, with thanks extended to all instructors and coordinators for delivering another high-quality program. Preparations are also underway for the Arizona Fire Chiefs Association Battalion Chief Academy scheduled for October in Avondale.

On August 14, CAFMA hosted a Responder Strong Regional Train-the-Trainer Mental Health Workshop at CARTA. Emergency responders from across the region attended, receiving tools and strategies to address stress, burnout, and resilience. Supported by HRSA funding and led by Master Trainers, the course equips participants to bring wellness and resilience training back to their home agencies, ensuring long-term impact.

Accreditation & Planning

All CAFMA accreditation documents have been submitted. The joint Standards of Cover will be presented to the peer assessment team later this month, and CAFMA is awaiting announcement of the accreditation site visit date.

Labor & Management

Labor and management collaboration remains active and productive. Work is underway on the Meet and Confer document, which will be presented to the CAFMA Fire Board in October. In addition, initial drafting of the next Memorandum of Understanding (MOU) has begun.

Community & Outreach

CAFMA also attended the first Yavapai County State of the County event at the Findlay Toyota Center, strengthening regional relationships and visibility. We also are working to strengthen community engagement initiatives. On August 20, the Authority announced the upcoming CAFMA Citizen's Academy, scheduled for March 25 through April 29, 2026. The six-week program supports Strategic Plan Goal 2.0 (Community Engagement) and will provide residents with a clear understanding of CAFMA operations while building trust, transparency, and long-term community advocacy.

CAFMA personnel also participated in the 24th Commemoration of September 11th in Prescott Valley with the Healing Fields Committee, Town officials, and community partners. Members also attended the IAFF Fallen Firefighter Memorial in Colorado, honoring those lost in the line of duty and showing solidarity with families and agencies across the fire service.

Finally, CAFMA crews continue to receive positive recognition from residents for compassionate service, reinforcing the organization's commitment to professionalism and excellence in all interactions.

Administration By Assistant Chief Rose

Below are the reports for each division within the Administrative Section of CAFMA:

ADMINISTRATION

Annexations and Fire Protection Agreements

There were no new fire protection agreements initiated in August; however, 54 contracts were canceled for non-payment. Since those notices were mailed, we have been fielding calls and have processed 22 reinstatements. Unfortunately, the process for reinstating a cancelled contract takes almost as long as initiating a new contract; reinstatements also create additional work for our Finance and GIS divisions, as well as PRCC. Through August 31, 2025, we have processed 14 annexations and 42 fire protection agreements.

Records Requests

Depending on the nature of the request, fulfilling a records request can take anywhere from 30 minutes to several hours to complete. Notably, we have one public records request that is still in process due to its broad scope. So far, staff have spent approximately 76 hours on it, which does not include our attorney's time to review and communicate questions, concerns, and necessary redactions.

Through August 31, 2025, we have received and answered 201 records requests:

- EMS: 12
- Environmental: 5
- Fire: 9
- Incident: 1
- Public: 4

Ride-Alongs and Community Event Requests

Admin's part in these community-facing, operations-centric activities can usually be completed in 30 minutes or less. Through August 31, 2025, we have received and processed 66 community event requests and 112 ride-along requests.

- Ride-Along 3
- Community Events 4

Construction Permits and Inspections

- Construction Permits: 45
- Event Permits: 6
- Inspections Scheduled: 41
- Open/In-Process Permits: 324

Employee Certifications

Admin enters all employee certifications in Image Trend and IQS. We then provide electronic copies to HR for the individual employee personnel files, and we place a copy in the files maintained for the Training Division. Through August 31, 2025, the certs group has received 476 messages with employee certifications.

COMMUNITY RELATIONS

Citizen's Academy

Community Relations is excited to announce the launch of CAFMA's first Citizens' Academy, a 6-week program scheduled for spring 2026. Planning is in the early stages, and research has included outreach to several local and regional partners who generously shared their expertise: City of Prescott, Town of Prescott Valley, Prescott Valley Police Department, Prescott Police Department, Avondale Fire and Medical, Yavapai County, and others. More details will be shared as the Academy continues to take shape.

Video Partnerships

We have established a new video partnership with United Yavapai Firefighters Local 3066. This collaboration will highlight the vital work of our firefighters through a video series titled "A Day in the Life of..." featuring various firefighter positions.

Website Migration

The migration of CAFMA's current website to the new CivicPlus platform is underway. We anticipate receiving a first draft of the new site by mid-September, after which we'll begin refining and preparing for launch. The updated website will improve accessibility, streamline navigation, and enhance the overall experience for our community.

Public Education Videos

Work is underway on our next major video project, an EMS series produced in partnership with our EMS Division. The goal of this series is to empower community members with the knowledge and confidence to respond appropriately to common medical situations, both emergency and non-emergency. Through engaging, easy-to-understand videos, we aim to reduce preventable injuries, decrease unnecessary 911 calls, and improve patient outcomes by

encouraging informed action during true emergencies. Just as importantly, the series will help strengthen public trust in CAFMA as a reliable source for safety and health information.

Additionally, we're partnering again with the Prescott Valley Police Department on a joint traffic safety public service announcement to be filmed at CARTA, with the shared goal of keeping the public safer on the roadways. We extend our thanks to the PVPD for the invitation to collaborate.

Adam, our Multimedia Specialist, has been hard at work capturing b-roll (supplemental video footage that adds depth and context to our projects and when we work with media outlets) while moving seamlessly from one assignment to the next. His efforts in taking photos and videos for press releases, social media, and upcoming projects, including recruitments, ensure we have strong visual content to share with our community.

Fire Academy

The latest CAFMA Fire Academy is now underway. Our division will regularly visit CARTA to capture photos and video, document training, and share the journey of our recruits.

Strategic Plan – Fire and Life Safety Educator

Work continues on updating the third Community Relations position identified in CAFMA's Strategic Plan: A Fire and Life Safety Educator. This role is vital to our prevention efforts, ensuring that fire and life safety education is delivered consistently and effectively across the community. Adding a dedicated Fire and Life Safety Educator will expand CAFMA's ability to engage with schools, community groups, and vulnerable populations, ultimately reducing risk, preventing emergencies before they occur, and strengthening overall community safety.

HR Manager Interviews

Manager Goodman participated in the first round of interviews for the HR Manager position. A special thank-you goes to our HR team for their dedication and hard work throughout this process.

FINANCE

The Finance Division is currently focusing on the audit process for FY 24-25. The auditors have already requested detailed information for FY 24-25 and will continue to do so through the end of 2025 and into 2026. Audit fieldwork is set for the week of October 20th, 2025. That will be an incredibly busy week for the Finance Division!

We are sadly saying goodbye to one of our most beloved employees! Megan Dawson will be leaving to pursue her interest as an EMT and soon to be paramedic. We are incredibly excited for Megan and wish her all the best in her new endeavor!

We have had many wonderful sessions that have provided us with a high-level overview of the system and helped us identify opportunities to create efficiencies in our current processes. This change will be a significant undertaking, but we look forward to utilizing a more technologically advanced ERP system than we currently have.

EMS Report

By EMS Chief Niemynski

The Rescue units have proven to be a valuable resource since the launch of the transport service on October 1, 2024. These units have responded to various emergencies, including structure fires, serious car accidents, hazardous material incidents, and medical emergencies. As of September 4th, 2025, all Rescue units have completed 1,615 billable EMS transports.

CAFMA's six (6) new paramedic students have started class at Yavapai College. The program should finish in May of next year. We have had great success with the paramedic program at Yavapai College with all our recent graduates becoming certified paramedics in the State of Arizona.

The new LifePak35 monitor/defibrillators are now in service on all engines and rescues. The initial training for all operations personnel went well. We have received very positive feedback from the participants. We will continue offering training on these new devices for our partners in EMS. The new monitors will be used on all our EMS patients to monitor vitals, oxygen saturation, carbon monoxide exposure, Capnography, and the ability to do 15 lead EKGs. These monitors can live stream to the hospital and our EMS division staff for live consultation. The new technology allows us to perform better CPR with less pausing for analysis of the underlying heart rhythm.

The Arizona Ambulance Association conference was held in Flagstaff last month and some of the EMS division staff were able to attend. They received valuable training on EMS compliance issues and leadership topics.

We had a meeting with Medix to go over the final plans for the two new ambulances we ordered. They should go into production soon and we hope to have them done this winter. We will deploy the new units to Station 58 and Station 62 since those ambulances have the most mileage on them. We will shift the other units around and retire Rescue 53 to a backup role.

FACILITIES DIVISION:

Admin Suite C

Progress on the Admin Suite C project is still moving along smoothly. Painting has been completed and all the outlets installed and ready to go.

We are still waiting on some minor details to be changed in order to have the permit to proceed any further. Once that has been received, we will get the electric meter for the suite installed, and the ceiling fan hung. After which will just be the rubber matting and equipment moved in.

We have had to push our completion goal out to then end of this month.

Station 59 – Apparatus Building

We have received the necessary permit, and construction on the apparatus bay has begun. They have started the excavation and getting the pad in place for the concrete. Weather has caused a few delays, but progress continues weekly.

CARTA Bay Build-Out

Work on the CARTA Bay build-out has slowed a little, but progress continues. Majority of the outside walls have been sheet rocked or covered in preparation for some decorative metal. Also, the stairs have been completed along with the safety wall surrounding the upstairs storage. The HVAC contractor has installed all the duct work allowing us to continue with the wiring followed up with insulation.

Brandon had to be reassigned to Station 62 for a little over a week but is back at CARTA to continue making progress. Want to mention how much help the staff at CARTA has been with making the project happen. I would say they have done the majority of the work during the last couple months which has made a huge impact on the progress of the project. It certainly has proved that when we all pull together, we can make great things happen.

Station 62 – Landscaping

With the excess amount of landscaping that is on the grounds at the station, over the years it just has got out of control and overwhelming. We decided to assign Brandon and Andrew to the station to assist in getting things back in order. They spent over a week and had to make 9 trips to the dump with debris that was removed. They did a fantastic job getting things looking much better along with more manageable for the crews.

Routine Maintenance

Routine maintenance remains steady. Since July 1, a total of 40 work orders have been completed. Again, I mention, Andrew continues to be observant while he is at one of the many facilities he is tasked to maintain, frequently addressing issues proactively even outside of formal work orders. He and Brandon are such a huge asset to the division.

FLEET SERVICES DIVISION:

New Water Tenders:

Regarding our two tactical water tender builds, we ran into an issue in selecting a pump that would meet the requirements for pump and roll. After working with the various pump manufacturers Darley pump seems to have come up with a solution for us. We have a build sheet, and the numbers are being verified for compatibility with our chassis selection. The last few weeks have been phone calls and emails with Truck works dialing this build in so that we get exactly what we want for our personnel. Once the build spec is finalized the chassis will be ordered. I will continue to update this build through this monthly report. Our unit that was dropped off in April for the chassis replacement is moving along nicely. I just got word that the paint has been completed, and it is moving into final assembly. I will continue to update based on the process.

New Brush Trucks:

The second brush truck has been completed by fleet. It is currently having a warranty issue being taken care of at the local Ram truck dealer. Once back it will be outfitted with equipment, pump tested and then put in service.

New Type 1 Engines:

Tentative Pre-Construction meeting late fall of 2025.

New Ladder Truck:

No new updates.

New Ambulance (Rescue):

The EMS division along with Fleet division manager Scaife and Chief Barnes met with Garrett Adleman our sales rep to go over the pre-construction of our new ambulance units. We were able to have a unit at our meeting that we could look at as we went through each line item in the build. The group made some slight changes to better four needs. The final build sheet has been approved and signed off on by Chief Feddema. I will keep you updated on this report as the builds progress.

Scissor Lift:

Our new Genie scissor lift was delivered earlier than expected. This unit was picked up and put into service earlier this month. In line with our purchasing requirements, we were able to utilize the Tucson Omni cooperative purchasing contract through Empire Cat instead of a three-bid process. This saved us almost \$7000.00 and allowed us to use a local vendor. The old unit will be kept as a reserve unit for the time being as we make sure the new unit will meet our needs.

Tech Services Truck:

Another purchase this year is a new truck for the Tech services division. This unit has been ordered and should be delivered by the beginning of September. Once outfitted it will go to one of the Radio technicians and their older vehicle will be moved to the I.T. side of the division.

DIVISION REPORTS

Staff Vehicles:

Recently we have had the Tech service division vehicles in for services and new tires. Because of the terrain that the division encounters we provide heavy duty offroad tires for them. This time of year, we usually bring their vehicles in and ready them for the approaching winter season. Next on staff vehicles will be most of the division manager vehicles.

Wildland: The wild land fleet has been busy, currently all units are in district but ready for assignment.

Maintenance And Repair:

Engines 53 and 57 along with water tender 53 are in the shop currently for repairs and service with engines 662 and 61 to follow. We also recently had Engine 58 in for some Cummins warranty repairs to the water pump and exhaust regeneration system. The Cummins engines we specify come with a 5-year 100K mile warranty and Fleet utilizes this warranty as much as we can until it expires. This unit is one month from warranty expiration.

New Equipment:

The first of our new Thermal imager cameras have been delivered to the stations for the crews to become familiar with. We have more funds in the budget this year to help complete that purchase and once that second order is received, we will begin installing these on the trucks. We have also received our first order of the new rechargeable scene lights. These will be making their way onto our frontline engines during the next service interval. Currently Engines 58 and 53 have received the updated lighting.

TECHNICAL SERVICES DIVISION:

Erp Implementation: Finance and Tech Services have attended multiple all day training and discovery sessions as we prepare to configure our new ERP. Our finance team has continued to do well and we are working towards a launch of July 1st for the financial portion.

Carta Construction:

Tech Services has been working with Facilities to get the new CARTA Classroom and Offices wired for networking and technology. Titus Overmyer and Samuel Sims have done a great job prepping for this and began cable installation on September 9th. It is moving forward quickly.

Fiber Installation:

We have partnered with Sparklight to deliver fiber service to multiple stations, removing the need for dedicated microwave hardware to deliver their connection to the CAFMA network. These sites include Administration, Station 51, Station 53, Station 57, Station 61, Station 62, Station 63, and Fleet. Currently Administration has cutover to the new service, and the next to come online are Station 51, Station 53, and Station 61. Construction has begun at Station 63 and will then proceed to the remaining locations.

Microwave Installations:

In September we have installed two new microwave hops, one for CAFMA and one for the City of Prescott. This is a demanding process with multiple hours on a tower aligning dishes to enable

communication. CAFMA's microwave was between Spruce Mountain and Porcupine Mountain, which is about 30 miles. Thanks to Dave Legge, Tony Frazier, Ian James, and Jake Anglin for their work on these projects.

Station Alerting Update:

At the August board meeting the board approved the capital purchase of a modernized station alerting solution, beginning in FY26 with 4 stations: Stations 53, 58, 61, and 62. The order has been processed, and our team is undergoing installation training on September 11th. We hope to get this project fully off the ground sometime in October.

RESOURCE MANAGEMENT DIVISION:

The Resource Management Division has completed pulling the inventory for the new Brush Truck. It will be delivered to us the week of September 8th for outfitting.

Hose testing has continued. To date, we have completed the Truck company, and 6 engines. We are on schedule to complete sometime in October/November.

This last month, Resource Management set a record in turnout washing and inspections. We did 116 sets total, 94 for CAFMA and 22 for Prescott Fire. This task alone equated to about 78-man hours of work.

There was a total of 25 SCBA packs tested this last month. This included getting all packs from the Training Center up and ready for the start of the new academy.

Resource Management was able to complete the majority of gathering all uniform apparel and PPE equipment for the new recruit academy. We are still having some filter in, but overall, we were able to get them all ready to start.

All other daily duties continued as usual.

8. EXECUTIVE SESSION

- A. Legal Advice Pursuant to A.R.S. §38-431.03(A)(3) Regarding Civil Litigation Between CAFMA and AMR in Maricopa and Yavapai Counties

9. OLD BUSINESS

- A. Discussion and Possible Action Regarding Civil Litigation Between CAFMA and AMR in Maricopa and Yavapai Counties

Attorney Cornelius advised that since the last board meeting, he followed up with Attorney Crawford for a status update. She found that the Court of Appeals had scheduled oral arguments for September 17th, but no official order was issued. As a result, the other parties were not aware of the date until we informed them last week. Because they were not prepared, a motion was filed and the new date for oral arguments is now set for October 8th.

Attorney Cornelius will send the information to Administrative Manager Dixon to forward to the board members.

10. NEW BUSINESS

- A. Discussion and Possible Action Regarding Purchase of Modernized Station Alerting in the Amount of \$271,678.62

Chief Barnes explained that this purchase is focused on modernizing the station alert system, as some existing equipment is outdated and nearing the end of its life. After evaluating multiple vendors, they selected a state-of-the-art, expandable system from U.S. Digital Designs in Phoenix. Although the project was originally budgeted at \$280,000, the final cost came in under budget, with installation and ongoing maintenance will be managed by our technical services staff.

Motion to approve the purchase of Modernized Station Alerting System not to exceed \$271,678.62.

Moved by: Gayle Pickett

Seconded by: Andrea Sansone

Yes Dave Dobbs, Gayle Pickett, Andy Reinhardt,
Andrea Sansone, and Lorette Stewart

Passed 5-0

B. Discussion and Possible Action Regarding Shared
Communications Personnel IGA with the Yavapai-Prescott
Indian Tribe

Chief Barnes stated that this agreement is a fee for service agreement to service their radios, similar to agreements we have with other agencies.

Motion to approve the shared Communications Personnel IGA with the Yavapai-Prescott Indian Tribe.

Moved by: Andrea Sansone

Seconded by: Lorette Stewart

Yes Dave Dobbs, Gayle Pickett, Andy Reinhardt,
Andrea Sansone, and Lorette Stewart

Passed 5-0

C. Discussion and Possible Action Regarding Contract No. 2026-
041 Fit for Duty Medical Exams with Burroff and Associates,
Ltd.

Chief Barnes advised the board that the physician we have been using is contemplating retirement, and we have had some issues getting our people scheduled. This company does business under the name 1582; they would be a one-stop shop. They would come to the area and complete same day screening. This is a request not to exceed \$50,000 since this is a pilot program with the possibility of expanding next year to include firefighter physicals.

Director Pickett asked what would happen if someone was on vacation during the time screenings were scheduled to be done.

Chief Barnes responded that we are partnering with other local agencies, so hopefully they will be in the area, allowing us to reschedule.

Motion to approve Contract No. 2026-041 Fit for Duty Medical Exams with Burroff and Associates, Ltd. not to exceed \$50,000.

Moved by: Gayle Pickett

Seconded by: Andrea Sansone

Central Arizona Fire and Medical Authority

FIRE PROTECTION SERVICES AGREEMENT

This Fire Protection Agreement is made effective _____, between the Central Arizona Fire and Medical Authority, a political subdivision of the State of Arizona, hereinafter referred to as "AGENCY" and _____, hereinafter referred to as the "Applicant." The property under consideration is described as:

Street Address:

Mailing Address:

Contact Phone Number:

Yavapai County Assessor's Parcel Number:

IT IS THEREFORE MUTUALLY UNDERSTOOD AND AGREED AS FOLLOWS:

1) Purpose. AGENCY shall provide fire protection and limited emergency medical services under the terms of this Agreement.

2) Duration and Renewal. The effective term of this Agreement shall be from _____ through **June 30, 2019**. The provisions of this Agreement shall renew automatically on July 1 of each year for consecutive one-year terms, unless either party pursues termination of the Agreement pursuant to Paragraph 11.

3) Services Provided. Fire Suppression, Emergency Rescue, and limited Emergency Medical Services (collectively "Emergency Services") will be provided under this Agreement. Unless the Incident Commander (senior AGENCY Officer present) requests additional help, AGENCY shall provide a standard response as determined by AGENCY dispatch protocols on each emergency call from the Applicant, subject to conditions below.

It is intended that the Emergency Services provided under this Agreement shall be made available to the individuals residing at the property described in the Preamble above (the "Property") or invitees of said residents (collectively, "Service Recipients") in conjunction with the above-referenced Property irrespective of whether the Property is owner-occupied or leased. While the Applicant shall be responsible for all fees assessed under this Agreement, AGENCY also reserves the right to invoice any actual Service Recipient for the services provided under this Agreement, according to the fee schedule adopted by AGENCY, as amended from time to time. Said billing shall be in addition to the service fee charged under this Agreement.

In providing services under this Agreement, AGENCY reserves the right to involve such other jurisdictions and EMS or suppression service providers as it deems necessary, consistent with its then current protocol. No assurances are made as to

whether, or to what extent, any such third party providers will respond. Applicant and Service Recipients may be responsible for any additional charges assessed by such other service providers.

Applicant herein acknowledges that AGENCY alone will determine its response to any given incident and that AGENCY alone will determine the number of units and personnel responding to such incident. Applicant further acknowledges that such response is subject to, among others and without limitation, any unforeseen circumstance, a major fire, other accidents, conflicting concurrent calls, reduction in force, road closure, poor road conditions, acts of God, or other situations in which there is a shortage of manpower or equipment. Applicant understands that the response time will likely be extended beyond that which might be regularly expected elsewhere within the jurisdictional boundaries of AGENCY by reason of the distance to and isolation of the Applicant's Property, the limited manpower available, access limitations, road conditions, and the other calls within AGENCY that may take priority, and Applicant hereby consents to the same. In addition, Applicant acknowledges and agrees that AGENCY's response and effectiveness may be limited by a lack of adequate water supply.

Applicant acknowledges and agrees that AGENCY may, in its sole discretion, give priority to other emergency calls either within AGENCY's jurisdictional boundaries or outside AGENCY boundaries, potentially causing a delay in response time. Further, Applicant acknowledges and agrees that AGENCY may, in conjunction with any call to the Property, respond with insufficient equipment or manpower on occasion, either by reason of limited manpower, equipment availability, resource allocation, or by reason of the limited information having been made available to AGENCY in conjunction with the determination of the appropriate response.

Applicant hereby acknowledges that no assurances are given or warranties made as to the response time or service level that will be offered, and agrees to hold the AGENCY harmless from and indemnify AGENCY for any and all damages which might be incurred by Applicant, Service Recipient, to Applicant's Property or to any third party's property or person, including that of any Service Recipient, by reason of extended response times, reduced equipment or manpower response, the decision to involve other service providers, failure to involve other jurisdictions or service providers, AGENCY's decision to allocate resources elsewhere either inside or outside of AGENCY's jurisdictional boundaries, the allocation of manpower or equipment, or other operational decisions which might result in delay or additional loss of life or property.

Further, Applicant acknowledges and agrees that AGENCY shall not be liable for the negligent act or omission of any third party service provider. Applicant also agrees that AGENCY is under no obligation to transport any Service Recipient. Applicant acknowledges that AGENCY does not hold a Certificate of Necessity and does NOT provide ambulance or non-emergency transport services, and that transport services are typically provided through a third party. Applicant, Service Recipient, or both, shall be solely responsible for any and all expenses associated with any transport services utilized by either.

4) Response Time. AGENCY shall make reasonable efforts to respond to Applicant's emergency calls in a manner consistent with then-current agency protocol, subject to the terms and conditions set forth in this Agreement. Applicant hereby acknowledges that response times are subject to variations due to existing weather conditions, road conditions, travel distance, traffic conditions, property identification, conflicting responses, equipment and manpower availability or allocation, and access to Applicant's Property. Applicant acknowledges that because of the substantial distance involved, the minimum response time likely to be experienced by Applicant may exceed that of other recipients within the jurisdictional boundaries of AGENCY, and that no assurances are given by the AGENCY as to what ISO rating might apply to the Applicant's Property.

5) Routing Information. Applicant agrees that it shall provide AGENCY with current routing information to Applicant's Property in a form acceptable to AGENCY Fire Chief, and will endeavor to inform all occupants of subject Property of the proper procedures to follow in case of fire.

6) Access. Applicant hereby specifically acknowledges that standard access roads sufficient to allow AGENCY fire equipment to reach the scenes of emergency calls are a significant factor in AGENCY's ability to respond to emergency calls within a reasonable and expeditious time. If access roadways are not maintained by other public service agencies, the responsibility of providing and maintaining adequate access rests solely with Applicant. Applicant hereby agrees to hold AGENCY harmless from and to fully indemnify AGENCY for any liability or damages arising from any delay which might occur by reason of limited, inadequate or poorly maintained access, inadequate address or access description, or failure of Applicant or the Property to comply with applicable fire codes, building codes, zoning codes or recommendations or requirements made by any agency or AGENCY.

Applicant hereby grants to AGENCY the right of ingress and egress and to enter upon Applicant's Property for purposes of conducting inspections to determine accessibility, and to observe any other matters which may affect AGENCY's ability to provide services under this Agreement. Nothing herein shall be construed as requiring AGENCY to make any such inspection, or to require that AGENCY report to the Property owner in regard to any accessibility issues.

7) Compensation; Calculation; Payment. As consideration for AGENCY's provision of Emergency Services under this Agreement, Applicant shall pay to AGENCY a sum (the "Service Fee") equal to the amount which would be paid if the Applicant's Property was located in and taxable by the respective fire district (either the Central Yavapai Fire District or the Chino Valley Fire District) which would otherwise contract to provide such services to Applicant at that fire district's then current tax rate, any applicable bond debt servicing rates, plus an administrative fee equal to \$50.00 as modified from time to time. The Service Fee shall be owed to AGENCY by Applicant even if there is no current county tax assessed on the Property: by reason of the fact that the property is considered to be non-taxable; because no net assessed value has

been established; or for any other reason. In that event, for the purpose of calculating the Service Fee to be paid by the Applicant, 10% of the full cash value as indicated by the county assessor's office may be used as the assessed value, or if the full cash value is not available, the value of the property shall be established by way of appraisal conducted by a duly-licensed real estate appraiser provided by and solely at the cost of Applicant.

If the property is appraised, the assessed value will be 10% of the appraisal. The then current fire district tax rate shall be applied to said property value, plus any then-applicable bond debt service rates and an administrative fee equal to \$50.00. If for some reason the current assessed value information is unavailable, then the Service Fee under this contract, as renewed, will be equal to the Service Fee charged for the immediately preceding service year, plus 10%, until such time as the current property value information becomes available, at which time the fee for the then-current year shall be recalculated and an adjustment to the Service Fee made.

Payment shall be due when this Agreement is signed; alternatively, payment arrangements may be approved in the sole discretion of AGENCY for quarterly payments with the first payment being due and payable simultaneous with the execution of this Agreement and thereafter on the first day of each subsequent quarter. Any payment not received within 30 days of the due date will be considered in default and may result in the termination of this Agreement. For the initial term of the Agreement, the parties agree that the fee shall be \$«F17», but that such fee may be prorated (based on 12 months).

In the event of termination of this Agreement due to non-payment by Applicant of the agreed Service Fee within 30 days of due date, Applicant must reapply for Emergency Services pursuant to a new Agreement. In such event, the only option for payment under such new Agreement shall be for payment of all monies due in full at the time of execution of the new Agreement; other payment arrangements will only be considered upon renewal of the Agreement after completion of the initial term of the new Agreement.

The Service Fee paid to AGENCY by Applicant pursuant to this Agreement shall be considered earned by AGENCY when paid, and shall not be conditioned upon or modified by reason of the number of responses made by AGENCY to the Applicant's property during the term of this Agreement. While Applicant shall be responsible for all Service Fees assessed under this Agreement, AGENCY also reserves the right to invoice any actual Service Recipients for the services provided under this Agreement according to the then-current fee schedule adopted by AGENCY, as amended from time to time. Said invoice shall be in addition to any Service Fee due under the terms of this Agreement.

8) Insurance. Applicant shall provide AGENCY with a current certificate of liability and hazard insurance, together with the name and address of insurance agent, name of insurance company providing coverage, and insurance policy number.

9) Waiver and Disclaimer of Liability. Applicant agrees that AGENCY shall not be liable for any consequential damages to Applicant or any Service Recipient, including but not limited to any lost income or profits suffered by Applicant or any Service Recipient. In consideration of AGENCY's agreement to provide services under the terms of this Agreement, Applicant agrees to hold AGENCY harmless and hereby releases AGENCY from and indemnifies AGENCY for any and all claims, demands, liability and causes of action that may arise as a result of AGENCY providing the services described herein. Applicant specifically agrees to hold AGENCY harmless from, in addition to the foregoing, any claims, demands, liability or causes of action which might arise out of AGENCY's inability to provide, or any delay or limits in providing services, due in whole or in part to the conditions spelled out in Sections 3, 4, 5, and 6 of this Agreement.

10) No Third-Party Beneficiaries. This Agreement will be for the benefit of the parties named herein only and shall not be construed as having been entered into for the benefit of any third party.

11) No Warranties. Nothing herein shall be construed as a warranty by AGENCY against damages, whether to real property or personal property, which may result by way of fire, injury to a person, by accident or any other emergency occurring on Applicant's Property.

12) Limitation of Damages. In the event of breach or non-performance by AGENCY, Applicant's sole remedy shall be limited to the termination of this Agreement and refund of any unearned fees for that current contract year, the parties hereto having agreed that said fees are a reasonable amount of damages. This limitation of damages shall bind, without limitation, Service Recipients, family members, legal representatives, assigns and successors in interest of the Applicant. The waiver, hold harmless and indemnification provisions of this Agreement are for the benefit of AGENCY and shall survive the termination of this Agreement.

13) Termination. Either party may terminate this Agreement by thirty (30) days' written notice of termination delivered to the other party at these addresses:

For AGENCY:

Central Arizona Fire and Medical Authority
8603 E. Eastridge Drive
Prescott Valley, AZ 86314

For Applicant:

In the event of termination of this Agreement after the Applicant has paid the required payment due for that term, AGENCY shall return funds to the Applicant prorated on a per day basis for the period after the date of termination.

In the event Applicant sells the subject property or otherwise disposes of the same, this Agreement will terminate immediately upon notification from the Applicant of same; provided, however, that the indemnification requirements imposed on Applicant under this Agreement for incidents occurring during the term of this Agreement shall survive the termination hereof. Nothing herein shall prevent AGENCY from negotiating a new emergency services Agreement with the new owner of the subject property.

14) Cancellation Due to Conflict. AGENCY may cancel this Agreement pursuant to the mandates of A.R.S. §38-511.

15) Severability. If any provision of this Agreement shall be held to be unconstitutional, invalid, or unenforceable, it shall be deemed severable; however, the remainder of the Agreement shall not be affected and shall remain in full force and effect.

16) Fire Code Compliance. Applicant hereby specifically acknowledges that all operations and activities, as well as new construction, and remodel of structures when applicable, will be in compliance with AGENCY's adopted Fire Code.

The undersigned warrants to AGENCY that the Applicant has the power to enter into this Agreement and that all necessary acts have been taken to enter into this Agreement.
